

The background of the slide is a collage of industrial images. On the left, there's a close-up of a CNC machine tool with a blue body and a fine drill bit. Below it, another image shows a grinding wheel in operation, with sparks flying. The entire background is overlaid with a large, diagonal blue and grey graphic element.

We bring the **latest machine tools
& manufacturing technology**
to the Indian Industry **since 1928**

Machine Tools India Limited, MTI,
was established to provide
expertise & technical support
during the Industrial revolution
to global machine builders &
Indian manufacturers.

engineers

About Us

Since then MTI has established itself as a leading name in the Indian Machine Tool Industry with its countrywide network of offices, strong sales and service support and professional management.

From Machines, Metrology/Quality Control equipment and Welding machines, MTI offers a mammoth range of state-of-the-art products from the world leaders from across the globe. With a team of 325 professional comprising+ people comprising of more than 165 mechanical / electrical / electronic engineers who have received training at various manufacturers works in India and abroad for commissioning and service support.

A well-known name in providing professional and committed services is MTI's strength which is evident by its growing customer base in Automobile & Auto Components, Heavy Engineering, Iron & Steel, Aerospace, Railways, Power Generation, Defense, Metals and R&D/Quality Control.

Our customers include companies in both public and private sectors in the

Why Choose Us?

Vast product
knowledge

Foreign trained, skilled
engineers with
Analytical capability

Long term relationships
with customers &
manufacturers

Total Project
Management
Capabilities

Turnkey Manufacturing
Solutions

Wide Network to
provide faster response

& Feasibility Study
Service

Strong Management Team

who have considerable experience in working with the Indian Industry. Our team includes well qualified individuals across

A diagram featuring several interlocking gears of various sizes, all in shades of blue. The gears are arranged in a way that suggests a complex, interconnected system. Five of the gears are larger and contain text labels for different business functions: Sales, Finance, Service, Logistics, and Administration and IT. The background is white, and the overall aesthetic is clean and professional.

Products

MTI associates with some of the best names in manufacturing solutions from around the world encompassing a wide range of machines & equipments for the Indian Industry

Metal Cutting

- Milling
- Turning
- Drilling
- Honing
- EDM
- Grinding

Sheet Metal

- Laser Cutting
- Waterjet Cutting
- Plasma Cutting
- Turret Punch Press
- Shearing Machine
- Bending Machine

Metal Forming

- Hydro Forming
- Friction Screw Press
- Mechanical, Hydraulic &
- Extrusion Presses
- Flow Forming & Spinning Machine
- Straightening Machines & Presses
- Hot & Cold Forging Plate & Bending Machine
- Press for car bodies & dies
- Wire & Tube Bending

Gear Machinery

- Hobbing Machines
- Shaping Machines
- Gear Grinding
- Spline & Shaving Machines
- Deburring & Debarring
- Skiving, Honing & Super Finishing

Metrology Equipment

- Surface Roughness & Roundness Measurement
- Industrial Microscope
- Dimension Measurement
- Vision Based Measurement
- Optical Measuring
- Laser Scanning

Specialized Bearings & Unique Products

- Split Roller Bearings
- Large Size & Customized
- Ball & Roller Bearings
- Shearing Blades for Steel Plants
- Plant Wear Protection Solutions
- Economical Material Handling & Automation Solutions
- Remote monitoring & IOT solutions (Industry 4.0 ready)

Welding

- Electron Beam Welding Machines
- ARC / TIG / MIG Welding Machines
- Friction Welding Machines
- Laser Welding Machines
- Welding Consumables
- Welding Solutions & Automation

Turnkey Solutions

- Crankshaft / Camshaft
- Cylinder Head / Cylinder Block
- Connecting Rod
- Turbine Blades
- Wheel Turning & Re-railing equipment for Railways

Service

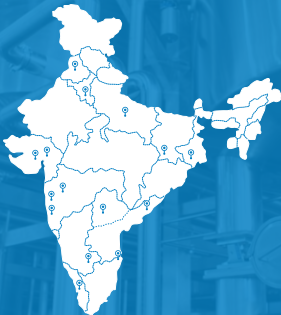

Our Reach

Head Office
New Delhi

Corporate Office
Mumbai

Registered Office
Kolkata

Branch Offices
*Pune, Chennai, Bangalore,
Hyderabad, Vadodara*

Resident Engineers
*Jamshedpur, Ahmedabad,
Rae Bareli, Trivandrum,
Ludhiana, Kolhapur, Vizag*
